Dear Commisioner Jane Henney,

After reading several articles I am writing to request, demand, that the FDA act on the HFA petition to put an end to the practice of feeding dead pigs, horses, and other animals to other farm animals. Cows are not meat eaters by nature and they shouldn't be forced to eat dead animals. The public deserves to feel safe with the food they eat, aside from the fact that feeding animals other dead animals is disgusting and shouldn't be allowed. Thank You for your attention to this matter.

Thank You,
